3. **White Hart Planning – Access**

Access to the new development at the White Hart has been reviewed and a request for the pull in opposite the Manor Farm development to be adopted was made. This had been reviewed by the Highways team and identified as an unofficial layby which can be closed as not utilised and transferred to Mr. Paull for a visibility splay. Mr. Paull attended to meeting to discuss the adoption of the layby. No objections were raised by councillors providing it is not a legal layby, other utilised pull ins are nearby.

4. **Matters Arising:**

- a. **Speeding SID / White Gates / Community Team/Crossing**

The SID is kindly being moved every six weeks by the CSW team, there has been no further reported damage.

White Gates allocated monies has been transferred to the play area equipment account.

The CSW team continue to monitor speed levels within the village. They will start to analyse vehicle numbers through the village on monitoring sessions.

A request has been made for a crossing to be installed close to the bus stop. The CSW team counted vehicle numbers the previous day between 3 and 4pm and 250 cars passed through in both directions. This will need to be monitored regularly to identify if there is a justifiable need for a crossing to be proposed to the road safety team.

- b. **Planters**

The remainder of the planters will go to the playing area, compost for these remains in the village hall carpark. There are some residual CIL monies allocated for plants, and it was discussed that perennials and shrubs would be the most appropriate to use but responsibility for watering will need to be determined.
